Join us if you are:

- concerned about where your food comes from.
- looking for ways to support the local economy.
- interested in supporting local farms.
- a farmer looking for new markets for your products.
- a restaurant owner looking for sources of local food.
- interested in preserving open space.
- seeking out others who care about these topics.

Meet local farmers, respond to potential projects and bring forth ideas for developing a local food network in the region.
